

Jai Singh Bhullar

Front-End Developer · London/Hybrid/Remote · *Open to Relocation* · Available Immediately · UK Citizen

Email: jaibhullar.developer@outlook.com

Portfolio: <https://jaibh-portfolio.vercel.app>

GitHub: <https://github.com/JaiBh>

LinkedIn: <https://www.linkedin.com/in/jai-bhullar-dev/>

Currently available for junior front-end or full-stack developer roles in London (or remote).

Personal Profile

Front-end developer skilled in **React, Next.js, and TypeScript**, with hands-on experience delivering production-ready web and mobile apps. Built and deployed multiple full-stack projects integrating **secure authentication, payment systems, AI features, automated testing**, and responsive design. Strong problem-solver with a track record of self-directed learning and taking initiative in fast-paced environments. Seeking a **junior developer role** in London, remote, or UK/EU relocation where I can contribute immediately and continue growing my skills.

Core Skills & Tools

- **Languages:** HTML, CSS, JavaScript, TypeScript
- **Frameworks & Libraries:** React, Next.js (App Router), React Native (Expo), Jotai
- **Styling:** Tailwind CSS, ShadCN UI, NativeWind
- **Backend & APIs:** Prisma ORM, PostgreSQL (NeonDB), Supabase, tRPC
- **Auth & Billing:** Clerk, Stripe
- **AI & Background Jobs:** OpenAI API, Inngest, E2B
- **Testing:** Jest, React Testing Library
- **Tools & Deployment:** Git/GitHub, Vercel (CI/CD), Git Bash

Projects

Promptly – AI-Powered Website Generator (*Full-stack Developer*)

Generate editable Next.js apps from natural language prompts using AI and background jobs.

- Built with Next.js 15, TypeScript, Tailwind CSS, and tRPC for type-safe APIs
- Integrated **OpenAI API** for prompt-to-code generation, **E2B sandboxes** for live environments, and **Inngest** for background job orchestration
- Implemented **Clerk authentication** and **usage-based billing** logic
- Improved mobile/tablet responsiveness and created a **gallery** to display past projects with iframes and live links

Personal Finance App *(Full-stack Developer)*

Track and manage income, expenses, budgets, and savings through a dynamic dashboard.

- Built full-stack using Next.js 15, TypeScript, Tailwind CSS, Prisma, and PostgreSQL (NeonDB)
- Integrated Clerk authentication with secure transaction handling and dynamic budgeting UI
- Added advanced transaction filtering and financial analytics

Live: <https://www.jaibh-finance.xyz> • **Code:** [Github](#)

FusionFootwear E-commerce Store *(Full-stack Developer)*

Responsive shoe store with full product browsing, search, and secure checkout.

- Built with Next.js 14, TypeScript, Tailwind CSS, Prisma, and Stripe
- Developed dynamic product filtering, search, and responsive UI

Live: <https://fusionfootwear-store.vercel.app> • **Code:** [Github](#)

FusionFootwear Admin Dashboard *(Full-stack Developer)*

Admin interface for managing products, categories, and inventory.

- Built with Next.js, TypeScript, Tailwind CSS, Prisma, and Jotai
- Full CRUD functionality with validation, rich table views, and **automated tests** using Jest & React Testing Library

Live: <https://www.fusionfootwear-admin.xyz> • **Code:** [Github](#)

MovieFlix – Mobile Movie Browsing App *(React Native Developer)*

Browse and save movies using TMDB API with secure auth and responsive mobile UI.

- Built with React Native, Expo, and TypeScript, styled with NativeWind
- Integrated Clerk authentication and Jotai state management
- Added a profile page with sign-in/out and saved movie management

Work Experience

UPS – Yard Control Specialist *(Nov 2020 – Mar 2024)*

Coordinated logistics in a high-volume hub, managing real-time trailer movements.

- **Initiative:** Collaborated with US developers to map and automate yard operations, making it the first hub in the UK to use the system - later adopted nationwide
- Resolved scheduling conflicts under tight deadlines, improving operational flow

UPS – Warehouse Operative *(Oct 2019 – Nov 2020)*

- Maintained high accuracy while meeting demanding productivity targets
- Adapted quickly to evolving systems and procedures

IKEA – Sales Assistant *(Jun – Oct 2019)*

- Delivered customer-focused solutions and managed till operations in a high-traffic environment

Ironmongery Direct – Warehouse Assistant / Product Catalogue Intern *(2017 – 2018)*

- Collected and structured product data for e-commerce listings alongside graduate-level developers

Education

Gable Hall School & Stanford and Corringham Sixth Form Centre (Sept 2012 – June 2019)

Other Skills & Attributes

- Strong debugging and problem-solving skills
- Self-directed learner with proven adaptability in high-pressure environments

- Effective communicator and team player
